

ELITE

INDOOR/OUTDOOR

Application	Indoor and outdoor.
Construction	"Never-Fray" needle punch construction eliminates the need for edging. Matting can be cut to any size or shape transitioning seamlessly from one to the next.
Texture	Cut-pile, non-directional pattern. Dilour.
Face Fiber	100% solution dyed UV stabilized polypropylene for maximum stain and fade resistance.
Face Weight	33 oz/sq yd is 50% heavier than the average rental runner resulting in more water retention, durability, crush resistant and aggressive soil removal.
Total Weight	.5 lb per square foot
Total Height	.25 inches (variable)
Backing	Modified rubber. Non yellowing and non staining. Easily rolls and unrolls flat while reducing mat "creeping" on hard floors. Velcro available for use on carpet.
Sizing	Up to 13'2" x 80' in a single piece enables us to manufacture any size or shape in the largest of lobbies.
Flammability	Passed (DOC-FF-1-70) Pill Test
Water Retention	(.55) gallons per square yard. Out performs matting whose claim to fame is water retention.
3-Year Warranty	100% the first year, 50% in second year, 25% in third year.
Installation	Easy to self-install with a mat knife. Optional on site installation by a Proform TM certified master installer.
Storage Cores	Optional heavy duty fiber storage cores insure that matting is ready to lay flat without curling. (Always store carpet side out.)
Edging Options	Safety Edging: A 1.5" vinyl reducer which is applied with glue and stitched with mitered corners and reinforced with vinyl corner supports. Uni-Flow: Our frayless construction allows the elimination of edging, creating the elegant appearance of an area rug and a seamless transition from one mat to the next. (Most economical, attractive and safe.) Heat Bevel: Edge is melted at a 45° angle.
Cleaning	Regular vacuuming, carpet extraction or bonnet cleaning as needed.
Lead	Possible LEED-NC credits: MR Credit 4 (1-2), IEQ Credt 4.1 (1 point)
Recycled Content	15% post-consumer
