

LOCKER-PRO

Barefoot Sports & Leisure Matting

Warm, comfortable and slip resistant

Locker-Pro is the ideal self-draining, safety matting for all sports and leisure surroundings. It is made from strong, flexible PVC sections with channelled underbars for increased drainage of large amounts of water. With its embossed, slip resistant surface and *Sanitized*® anti-bacterial and anti-fungal additives, Locker-Pro is warm, hygienic and comfortable to stand on... thus ideal with barefoot traffic.

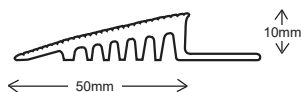

Locker-Pro is equally effective indoors or outdoors for barefoot traffic. The matting is easily cut to shape and can be installed in minutes, without the use of fixing tools.

ANCILLARIES

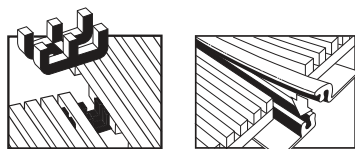

EDGING STRIP
